## PRIVATE SCHOOL ANALYSIS

**BACKGROUND:** Northwest Academy is a small school in Nye County. The maximum population is 40. Most of the students are enrolled as a result of a court appointment but occasionally the school admits a parent-requested placement. All students at Northwest have a DSM diagnosis. The staff uses Odyssey Ware and one-to-one support to help students earn credit and in some cases make up for credit deficiency. All students live on campus in dormitories. Students have daily chores much like children living at home have. Improved behaviors lead to special activities and choice in clothing. Boys and girls do not mix during learning time or in the dormitories.

**RECOMMENDATION:** It is recommended the State Board approve the re-licensing of Northwest Academy for the four year period: April 30, 2017 through April 30, 2021. Northwest Academy has complied with all statutory and regulatory requirements on time.
